Internal Compliant Committee

The Committee for Managing Gender Issues has been set up as the Internal Complaints Committee was required to set up as per the Supreme Court Guidelines. This would normally limit its outcomes to resolution, settlement, or prosecution. However, ICC was set up not only to deal with complaints of sexual harassment of women in the workplace but also to focus on creating awareness, counseling and educating about gender issues. For example, specific components of induction programmes were formally introduced and are based on creating awareness and informing students about the Institute’s framework for dealing with such issues. In addition, gender sensitization workshops for staff and students are also conducted.

Functions & Responsibilities:

- ✓ To develop a policy against sexual harassment of women at the Institute.
- ✓ To ensure the implementation of the policy in letter and spirit through proper reporting of the complaints and their follow-up procedures.
- ✓ To uphold the commitment of the Institute to provide an environment free of gender based discrimination.
- ✓ To create a secure physical and social environment to deter any act of sexual harassment.
- ✓ To evolve a permanent mechanism for the prevention and redressal of sexual harassment cases and other acts of gender based violence at the Institute.

The Avanthi institute of engineering & technology (AIET) recognizes the importance of generation of intellectual property by its teachers and students. The college is committed to do all that is within its powers and obligations to encourage the creativity and innovation of its people, which can lead to generation of intellectual property (IP). This cell provides support and guidance to the engineering students and staff in protecting their inventions and creations. The cell is also committed to the common people of our society. It supports common people, who approach the cell, to shape their innovative ideas and guide them to obtain IP right. The activities of this IPR Cell in AIET are in alignment with the objectives of the Patent Information Centre. In a world increasingly propelled by technology, college research is the foundation of any nation's economic growth. College takes concerted efforts to align its focus with the national goal of achieving technological self-reliance by encouraging interdisciplinary research and institutional collaborative research. IPR cell adopt a sound IP strategy, to secure IPR for a large base of knowledgeable Faculty and highly talented Students in the College. Regular project and research activities of college having innovation potential. So, we are in the process of setting up structured processes to identify, facilitate and develop innovation. always, there is an exclusive unit dedicated to strategizing on issues of IP. The motivation for this, of course, is to secure optimal commercial returns on the IP. However, the scenario is different in academic institutes such as ours. Here, the returns, in terms of goodwill and portfolio enhancement, are more important than commercial returns.

Research is believed in the Institute as practice of profession and not career. IPR cell is here to provide relevant, timely and targeted support to inventors in protecting their IPR and to boost confidence in generating IPR to make our Institute Self-Reliance in Finances

The major objective of the IPR Cell includes:

- To create an awareness about IPR for faculties and students of the College
- To conduct workshops, seminars and training course on IPR.
- To disseminate knowledge on patents, patent regime in India and abroad and registration— aspects.
- To impart training on future endeavors regarding patent filing processes
